Bishop Watterson 2026 PSAT Workshop

Affordable, High Quality PSAT Review Course - $60

The SAT, PSAT, & ACT are not intelligence tests. **Students who prepare can master the content.** Over the last 20 years, we have helped thousands of students - who have experienced much success. We have also seen success firsthand with our own three children; each used our materials and instruction to achieve ACT scores above 30 in 7th grade, 99th percentile PSAT scores with National Merit Finalist awards, and 34–36 ACT scores in high school. We are confident our materials and instruction work. We offer the best value in quality test preparation.

The SAT Review Course, Materials, & Instructor

The two subject test areas on the PSAT will be reviewed: reading & writing and math. Students will receive our newly updated **175-page proprietary book** that provides content review, examples, strategies, and over **1,500 drills** with answers and explanations. All students also receive our **memorization sheets & worksheets** with over **550 drills** that help them more easily identify and prioritize their weaknesses. **Students can use our course, book, and materials to prepare for the newer versions of all three tests OR to focus on a specific test as all materials are designated as ACT/SAT/PSAT, ACT-Only, SAT/PSAT-Only, or SAT-Only**. All courses are taught by Dr. Lynn Dailey, a tenured Capital University professor who holds the Moor Endowed Chair for excellence in teaching & scholarship and excels on standardized tests. She has spent over 20 years analyzing standardized tests, refining our materials, and teaching our students.
