Dear Sophomores:

The 2026/2027 school year begins the 42nd year of the Sophomore Service Training program at Bishop Watterson High School. Sophomore Service Training Program (SSTP) is an opportunity to make a difference. You can make this opportunity come alive with your commitment, your energy, and your enthusiasm. You carry forward a strong Watterson tradition of service to the community. As your Service Director, it is my pleasure to welcome you and invite you to enjoy and grow in this opportunity to make a difference.

During the past month, I have contacted volunteer coordinators from dozens of sites about SSTP. I have been delighted and proud to hear how many of these places are eagerly awaiting to welcome our students back to join in their various ministries, missions and services this year. This is a special time for you to give of yourself. Sophomore Service takes your faith beyond the classroom and into the real world. I hope you will come to see this year as a springboard to embark on a lifetime of service of others. I ask you to use your Bishop Watterson education in the service of others and in imitation of Jesus.

Many of you already know the fun and joy of service. This program is designed to give you time and support and to put your faith into action as you spend time reflecting and growing with this process. This program is about why we serve, how we serve and about how we treat others as we serve.

Since SSTP is such an integral part of the Sophomore Theology curriculum, you will make a specific commitment to a particular placement and follow it through to a successful evaluation in order to pass into Junior year at Watterson. To accomplish this, it will be your responsibility to invest in yourself--in terms of your time and energy, from pre-sign up information sessions until your final evaluation.

STEP 1: DISCERNMENT

With all the time and energy you will be investing in your service project, it is important that you choose the right service placement for yourself. Ask yourself (and spend time talking with your parents and teachers, too) these two questions: What are my gifts and talents to share with others? And what will challenge me to grow and learn new things about myself?

Then spend time thinking about and discussing with your parents these considerations:

1. What group of people am I most interested in serving? Young children? Those who are physically challenged, impoverished, or hungry? Do I want to help a special population or the general population?

2. To which placements can my parents provide transportation? Will I need to choose a placement to which I can walk?

3. The number of service commitment hours depends on the needs of the placement, and varies dramatically between one placement and another. You must keep the commitment you choose to make.

4. Consider your extra-curricular activities. Learn the general time frame for sports, music, and drama commitments. NOTE: Conditioning may begin 4-6 weeks prior to the start date.

STEP 2: SIGN UP

Sign up for the SSTP is a three step process this year. Since some sites have a limited number of openings, we believe a computer lottery system will insure that each student has the same opportunity to receive his/her first or second choice. **Because of the logistics required to successfully execute the Sophomore Service Project, the decisions you make MUST be final.** Once a project is assigned, there will be no "switching" or alternative placements so please discern thoughtfully and carefully.

Lottery Deadline: October 14th, during class period.

You will prepare a worksheet that indicates your name, student ID, birthday, your first, second, third, and fourth choices. A parent must double check and sign your worksheet.

The Following Deadlines must be met:

- October 13 Parental Signature on Service Packet
- October 13 Prepared Worksheet with 4-6 CORRECT, OPEN Choices
- October 14* Computer scheduling in the BWHS Theology Classes. After you have scheduled please turn in your Prepared Worksheet and Directions.
- October 26 Parental Consent and Emergency Form due to Theology Teacher

*This date has the potential to change due to the nature of scheduling.

After the computer scheduling process, in random order, the computer will place each student into their Sophomore Service Training Program site. The period you submit your choices will have no influence on the choices you are assigned.

Please note, your choices cannot be processed without a completed and parental signed worksheet. This means that if you are late turning it in, you will be scheduled "by hand" after the computerized sign-up and less likely to receive your preferences. Academic penalties can be assigned (a score of 0) for late paperwork at the discretion of the teacher and service director.

In the unlikely event that none of your choices can be accommodated, you will be notified and assisted in selecting another suitable placement. All students will be notified of the results of the lottery phase of the sign-up procedure as soon as possible.

2nd Deadline: October 26th, during class period.

After you receive your SSTP service site you must turn in the signed PARENTAL CONSENT FORM and the EMERGENCY MEDICAL FORM found in this packet. These forms are worth 5 points apiece. Failure to turn in the forms on October 26th will result in loss of all points. Failure to turn forms in by Tuesday, October 27th, may result in additional service hours.

Any additional forms required by your individual service site are to be completed at the site during your orientation. Some sites require applications, recommendations, certificates of health, etc. See Mrs. Bowman for the appropriate paperwork from your site. Your parental consent form will be held on file here at school. Emergency medical forms will be sent to your placement site.

STEP 3: ORIENTATION

Because this is your commitment, it is your responsibility to mark on your calendar the dates and times of your service site orientation. In some cases, orientation may be scheduled weeks before you actually begin your service, so be attentive. You will receive no reminders.

You will be given the name of your supervisor or contact person and the appropriate phone number and/or e-mail address at which to contact your supervisor. Contact information for supervisors will also be posted online found under your theology class. Please contact the supervisor yourself, introducing yourself as a Watterson sophomore who has chosen their site at which to do your sophomore service. If necessary, you may use the telephone in the Theology office to place a call during your study hall or theology class.

It is your job to find out from your supervisor exactly what is expected of you. Take the initiative--ask questions. Likewise, we encourage you to talk about your expectations during the interview process. It is important that you let people know about you.

STEP 4: SERVICE

The people and tasks assigned to you must be your top priority. Although you may want to work at the same site as a friend it is usually better to work independently. Cell phones can be distracting; do not use your cell phone during service! Inappropriate cell phone use may result in additional required service hours. Your services as a volunteer must take priority.

Being of service to another is a unique kind of relationship. Consequently, you may not date or see socially either the clients or staff at your service site. Also, you may not communicate with them by any electronic means.

Three times during the course of your placement, you must complete a service reflection sheet (found in your Theology classroom or the Theology office.) This method encourages communication among you, your supervisor, and your Theology teacher. Reflect by writing several well-thought out sentences to each question (3-4 sentences, minimum). These reflections are important because they show the hours you have worked to date and your reflection about it.

You must turn in the reflections to your service site supervisor for his/her signature after the first service session, at the midpoint, and at the end of your placement. After your supervisor signs the reflection, bring the signed reflection to your Theology teacher on the NEXT SCHOOL DAY so that (s)he can "credit" you for time served. DO NOT wait to turn in several or all your sheets at once! Reflections are worth 10 points apiece. At the discretion of the teacher points can be deducted for lateness or incompleteness (NOT content.) These points will be reflected on your 4th quarter grade. You can be assessed "penalty hours" for paperwork turned in late.

Keep in mind, the number of hours we are looking for you to serve at an agency is a minimum of 18 hours. All hours must be completed outside of school hours. No hours will count towards sophomore service, or any volunteer work, if they take place during the academic day. If you fall below this 18 hour mark, you will be required to make up the difference at another agency event or other volunteer opportunity. If you know you are falling short on required hours, please see Mrs. Bowman to make accommodations well before the deadline date.

STEP 5: EVALUATION

On the next school day after your last day of service, you are to give these items to your teacher: completed third reflection, two stamped (unsealed) envelopes and a thank you card/letter for your supervisor. Your teacher will have you fill in the top three lines of the final evaluation (you will be given a copy). You teacher will mail your evaluation and thank you card to your supervisor. DO NOT try to mail or hand directly your evaluations and thank you notes to your supervisors. Mrs. Bowman or your theology teacher will take care of this step.

TO SUMMARIZE: successful completion of your SSTP requires a timely sign-up, attendance at orientation, turning in completed, signed reflection record sheets to your teacher on time, a successful evaluation, and preparing and delivering your written (and if applicable) oral summary presentations by their deadlines.

ABOUT SPECIAL PLACEMENTS

If you are considering a Special Placement as your Sophomore Service Project, please be aware of the following. Twenty-Four (24) hours is the minimum of hours required of a project; many agencies require more. Students must comply with all the requirements in the SSTP syllabus. For a special placement to be considered by the Service Director, the student, with the parent's permission, must supply to the Service Director one week prior to computer scheduling,

all the information asked for in the Special Placement Request Form. The student may get this form from his/her teacher or the Service Director.

Please Note:

- **You must complete your service with a pre-established agency.**
- **If you plan to help with a feeder school FALL sports team – paperwork must be to Mrs. Bowman by September 8, 2026.**

FINAL NOTES:

You are not alone in all of this! It is my job to serve as a liaison between you and the service sites. If you encounter ANY difficulties with the placement/people, contact me IMMEDIATELY so I can help you. Leave a note in my mailbox, stop in to see me during your lunch period or study hall or email me (kbowman@cdeducation.org).

Mrs. Bowman must approve any start date. DO NOT assume you are cleared to begin. This will result in hours not being counted towards your 18 hour count. Only once Mrs. Bowman approves your start date will your hours being to accumulate.

Should you fail to meet the Fall/Winter Deadline penalty hours may occur or the starting over of the Sophomore Service Training Program. If you must start a project over for any reason all points will be forfeited on reflections and the student will receive a 0/30 for their final grade.

Should you fail to meet the Spring Deadline without prior accommodations made, you will complete the Sophomore Service Training Program during the Summer Months for a fee, at the time and place determined by the Service Director.

Penalty Hours or "Short" Hours must be made up by the required deadline. Remember there is a form for such things

Should you not successfully complete your Sophomore Service Training Program during this school year, you will not be able to return to Watterson as a Junior.

Please take the time to go over this outline carefully. Include your parents, as they are an important part of your Training Program experience. Consult with your Theology teacher and with me if you have questions. We wish you every success! I look forward to working with you.

Sincerely,

Mrs. Karissa Bowman, Service Director

Please Detach and Give to Theology Teacher By: September 30th

I have read and understand the contents of this packet. I understand fully the expectations of the Watterson Sophomore Service Training Program.

0422 S Sat 10-1 or 1-4, call early for preference. **1 student per shift.** 18 Hours. 6 3-Hour Shifts Required Orientation on first day of service. Begin end of Jan-May.

Self Paced Sites

The following sites were at one-point included in the traditional Sophomore Service program. Due to changes in supervisors, Covid protocols, etc, we were unable to establish a relationship with a specific site supervisor. However, these sites are still in need of student volunteers and provide valuable service to the central Ohio community. Students that are placed at one of the following sites will use a printed off hours sheet instead of a supervisor signature to verify attendance. Students will also work with Mrs. Bowman to ensure paperwork is filled out properly, orientations are scheduled, students understand scheduling, etc. Please note, a supervising adult will be at each site, but the supervisor will not be consistent for each visit. Each site has a minimum requirement of 18 hours.

A special note: ALL hours completed must be completed outside of school hours. If a student schedules any shifts during school hours, those hours will not count towards the Sophomore Service Requirement OR on a general service record.

043 Habitat Restore, East – MUST BE 16 TO VOLUNTEER

Location: 3140 Westerville Rd – Columbus, OH 43224
Service: Assist customers, organize retail, load/unload cars, No Construction!
